CARE INSTRUCTIONS

For the best results for preservation here are some helpful hints:-

- Make a booking to ensure we have space for your flowers and to ensure timely collection of your flowers.
- Keep refrigerated whenever possible, in an unsealed bag around flowers.
- If fresh stemmed flowers, trim the stems and place in water for a drink.
- If no fridge available, place ice packs at bottom of an esky, lay a towel over the ice packs and then place in flowers.
- **Do not freeze.**

COURIER SERVICE

We do offer a FREE COLLECTION service throughout SE Qld, please phone us to check conditions. Otherwise Australia Post option below is the quickest and most cost effective solution. PLEASE ARRANGE COURIER PICK UP PRIOR TO YOUR WEDDING DAY, IF NOT PLEASE PHONE US AS SOON AS POSSIBLE. You will need to HAVE THE FLOWERS PACKAGED BY 7AM and someone present at the pick up address. Collection normally occurs from Monday to Friday between 7am—12noon. If not collect by 12 noon, please phone us. **Couriers require your flowers in a box clearly marked. If your flowers are insufficiently packaged the courier will not accept your bouquet.** Please use or recreate the exact the label provided below.

EXPRESS POSTAGE SERVICE

You can place your bouquet as per the below packaging instructions in an **Express Post** box purchased from Australia Post. We receive flowers all over Australia using this method and is perfectly fine method to receive your flowers if you follow our packaging and posting instructions. Also include your contact details, full name, wedding date and deposit of \$200 if you haven't already done so (a booking form is available for you to complete via our website www.foreverblooming.com.au). Please also use label below and you must phone or text to 0418743360 the registration no. of the Express Post to allow us to locate the package. Prior notification to us is required if using this method.

PACKAGING

If stemmed bouquet, place a wet rag around the stems and wrap a plastic bag around it so no water escapes. Please do not use buckets or vases with water as this can cause damage to other property. Place the flowers in a plastic bag in a box and protect the flowers in the bag by padding them with newspaper or plastic shopping bags. **COOLER PACKS CAN BE PLACED WITH YOUR FLOWERS, PLEASE PLACE A HAND TOWEL OVER THEM TO AVOID FREEZING YOUR FLOWERS. **Only disposable packaging items are accepted****

NB. If your flowers have wilted, in most cases it does not effect the drying process and when doing your final placement we choose the best flowers for the main focus. If your flowers are very blown or very damaged, an extra charge of up to \$50 may apply as additional care is required and is labour intensive. Or you may choose to have the damaged flowers replaced, you will be notified after drying the flowers if this is required.
